Committee Members: Linda Fitzgerald, chair; Ghada Abdallah, MPA Board Liaison; James Lile, MPA Board Liaison; Mary Farrington, MPA Staff Liaison; Stacy Brousseau; Terry Gottschall; Sarah Kelling; Rosanne Paglia; Zachary Smith and Jason Williamson

Meeting Date(s): The MPA Education Task Force has not yet met this year; the meeting will occur on Nov. 9, 2018.

I. Progress Report for 2018 Committee Charges
Charges will be discussed at the Nov. 9 meeting.

Charge #1: Consider the House of Delegates resolution(s) referred to the Task Force by the MPA Executive Board.

House of Delegates resolutions were not referred to the Task Force for review.

Charge #2: Develop a list of speakers and topics for educational programming, including suggestions for the 2019 MPA Annual Convention & Exposition.

The Task Force reviewed the program proposals submitted. Selected topics and speakers will be offered a presentation slot at the Convention. Fewer proposals were received than the number of slots that need to be filled, so the Task Force recommended topics to fill all vacancies.

Charge #3: Identify authors and topics for continuing education articles that meet ACPE accreditation criteria for publication in Michigan Pharmacist.

The Task Force identified topics such as recreational marijuana, updates on the management of hyperlipidemia, and pharmacist involvement in clinical quality metrics as requested by payers for patients with chronic diseases.

Charge #4: Recommend webinar topics, speakers and target audiences for 2018-2019 programming.

The Task Force identified the following topics for webinars: pain management, law, safety, HIV (required in other states), cardiology related, high blood pressure (brand new guidelines have just been released), heart failure, and insulin product selection, specifically insulins that replace those that are no longer covered.

Charge #5: Identify a continuing education program(s) to illustrate successful and innovative projects and services.
The Task Force identified the following programs: State of Michigan naloxone standing orders, advanced technician roles, transitions of care services, and USP 800.

**Charge #6: Identify a continuing education program(s) that provide advanced training for pharmacists.**

The Task Force identified naloxone administration and how patients are trained on the administration of naloxone products.

**Charge #7: Submit annual Task Force progress report to the MPA Executive Board by Oct. 1, 2018.**

Report completed Dec. 4, 2018. The Task Force requested a Dec. 1 deadline for future reports due to the meeting typically being held in early November.

### II. Other Committee Activities

Not applicable.

### III. Recommendation(s) for Next Year

**Suggested Charges:**

1. Consider the House of Delegates resolution(s) referred to the Task Force by the MPA Executive Board.
2. Develop a list of speakers and topics for educational programming, including suggestions for the 2020 MPA Annual Convention & Exposition.
3. Identify authors and topics for continuing education articles that meet ACPE accreditation criteria for publication in *Michigan Pharmacist*.
5. Identify a continuing education program(s) to illustrate successful and innovative practice, projects and services.
6. Identify a continuing education program(s) that provide advanced training for pharmacists.
7. Submit the annual Task Force progress report to the MPA Executive Board by Aug. 1, 2019.

**Suggested Committee Members:**

It is recommended that the following individuals be invited to serve on the MPA Education Task Force in 2019: Stacy Brousseau, Terry Gottschall, Jim Lile, Rosanne Paglia, Zachary Smith and Jason Williamson.

Respectfully submitted,

Mary Farrington
MPA Education Task Force Staff Liaison
