WELCOME!

First, thanks for being here. Welcome to our student pharmacists. And an extra special welcome to the backbone of our profession — all of our pharmacy technicians! We appreciate you.

Michigan pharmacists are why we continue to come together each year to host one of the largest state pharmacy meetings in the country. We know you don't have to be here this weekend. So truly, thank you! Whether you're here to get your learn on, advocate for change, celebrate accomplishments, rejuvenate yourself for another year ahead, or celebrate all the goodness of Michigan pharmacy, each and every one of the Michigan Pharmacists Association (MPA) staff and Executive Board members are glad you chose to join us for the ACE. This program is full of great things happening and it's a jam-packed weekend. Take some time to find what sounds fun to you and don't miss out.

What an honor it is to have your trust to lead the MPA into a new decade. I plan on delivering on the promise I made to you — building value! At the heart of all we do, we want you to find value in and appreciate what MPA is doing for you. The ACE is, hands down, the biggest opportunity we have to deliver that value to you. We're constantly trying to fine-tune the weekend to make it better and better. So relax, have fun, and don't be shy to share your feedback with us. And if you can, join special guest Erika Kryskiak, our Master of Ceremonies at this year’s banquet – it’ll be fun.

The cat is out of the bag! After years of selfless leadership, our CEO, Larry Wagenknecht, is retiring from MPA. He’s done so much for us (and for me personally in developing as a leader). You won’t notice much about his retirement this weekend because we’re running full steam ahead on our work to build value while we simultaneously search for our next CEO. The members of the search committee are already at work. It’ll be pretty quiet because it’s incredibly important we keep the members of the committee and all the applicants a secret to maintain the integrity and respect of the search process. But here’s how you can help us this weekend: tell us where you’d like to see MPA head in the future. It’s important the Board understand our future so we can find the best person to help lead us in and achieve that direction.

It feels good to give. There are lots of ways to give by giving back. And it makes a difference, I’m living proof. I remember my first ACE back in 2002, all my pharmacy moms, and all the fun I had being involved as a student (and continue to experience now). So many of you shared your wisdom, gave advice, supported me, and encouraged me. Adopting a student is so much more than a donation – it’s an investment in the future of our association and our profession. I assure you, it’s money well spent.

We’ve been adopting students for years! It’s important and gratifying. A big part of why we adopt our future pharmacists is because they don’t have a lot of extra cash and we want them to be part of our celebration. Thank you for your continued support of MPF’s Adopt-a-Student program.

While you’re here, swing by the MPF Charity Auction to stock up on even more tax deductions when you overbid. You’ll find lots of good stuff to silently bid on. Plus, it’s in the same spot you can stop by for breakfast or drop off donations to the Saint Louis Center (the 501(c)(3) our Foundation is supporting this year): it’s a heart-touching residential center for persons living with intellectual or developmental disabilities (you know, “diversabilities” – differences that make a difference).

Enjoy your time at the Renaissance Center and don’t get lost. And promise me one thing: say “hi” and don’t be a stranger. Come back and join us throughout the year at one or more of the many other events going on.

GENERAL INFORMATION

CONVENTION GOALS
Over the years, the Annual Convention has grown in magnitude and has become the event that pharmacy professionals look forward to attending every year. The Annual Convention is the largest state pharmacy association convention in the country, with nearly 1,200 attending the 2019 Annual Convention. MPA is proud that this event is often compared to national pharmacy conventions and meetings. MPA’s goals for the Annual Convention include the following:

• Provide quality continuing education programs, focusing on the latest treatment options and hottest issues in pharmacy
• Offer various networking options for attendees
• Facilitate opportunities for attendees to discuss the outlook of pharmacy
• Celebrate the future of pharmacy by honoring Michigan’s pharmacy leaders
• Provide activities for attendees to continue their professional development

TARGET AUDIENCE
Programs at the Annual Convention were planned to meet the needs of pharmacists, residents, pharmacy technicians and student pharmacists in a variety of practice settings as well as those in the pharmaceutical industry and academia.

CANCELLATION POLICY
All requests for refunds must have been received in writing by Jan. 30, 2020 (postmark or fax date). Cancellations or registration modifications resulting in a refund received between Jan. 31 to Feb. 10, 2020, will be assessed a $50 administrative fee. Cancellations after Feb. 10, 2020, no shows or changes made onsite to registrations, will not be refunded. Refunds will not be given for inclement weather, nor will refunds be given due to registration errors made by the participant.

PARKING AT THE RENAISSANCE CENTER
There are a variety of parking options while at the Convention. Parking facilities are not owned or operated by the Detroit Marriott at the Renaissance Center. Note: Parking facilities are not able to extend discounted parking to Convention attendees.

• Port Atwater Parking – Accessible from Beaubien Street near Tower 200
• Beaubien Parking – Accessible from Beaubien Street
• Miller Parking – Located directly across from the Marriott Hotel lobby entrance
• Valet Parking – Available at the Marriott Hotel lobby entrance

PROGRAM RESTRICTIONS
Due to health and safety concerns, children under 16 years of age will not be allowed in the educational sessions or Exhibit Hall.

DISTRIBUTION OF REGISTRANT CONTACT INFORMATION
As a registrant of the MPA Annual Convention, your contact information, including address and phone number, may be distributed to key partners supporting the Convention. By registering, you acknowledge that your information will be provided unless you opted out on the registration form. If you were previously solicited to purchase an attendee list from an unauthorized vendor, please be aware these companies are not affiliated with MPA, nor has MPA provided them with attendee contact information.

WHO TO CONTACT
For assistance at the Convention, please stop by the MPA Registration Desk in the Renaissance Ballroom Foyer on Level 4. Any questions after the Convention can be directed to Chelsea Boucha, MPA education planning assistant, at Chelsea@MichiganPharmacists.org or (517) 377-0225, or Mary Farrington, MPA director of education, at Mary@MichiganPharmacists.org or (517) 377-0234.

CONTINUING PROFESSIONAL DEVELOPMENT

The profession of pharmacy has moved in a direction that focuses on continuous professional development (CPD) for pharmacists and pharmacy technicians. MPA plays a critical role in CPD and aims to provide continuing education programs that support the continued development of pharmacy professionals and enhance competency. In an effort to assist you in targeting programs that will enhance your professional development, these activities are accredited through the Accreditation Council for Pharmacy Education (ACPE) for pharmacist and pharmacy technician continuing education credit.

Michigan Pharmacists Association is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education.

Individuals have the opportunity to earn 20.75 hours of continuing pharmacy education (CPE) credit throughout the weekend. Educational activities are structured to meet knowledge- and application-based educational needs. A knowledge-based activity acquires factual knowledge. An application-based activity applies to information learned in the timeframe allotted. Information in knowledge- and application-type activities is based on evidence as accepted in the literature by the healthcare professions. CPE credit will be earned based on participation in individually accredited activities. Attendance and participation are required before obtaining PCE credit. Any individual who is more than 10 minutes late to an activity or leaves an activity early will not be granted PCE credit. This procedure will be strictly enforced, so please plan accordingly.

CPE Monitor is a national, collaborative effort by the Accreditation Council for Pharmacy Education (ACPE) and the National Association of Boards of Pharmacy (NABP) to provide an electronic system for pharmacists and pharmacy technicians to track their completed CPE credits. To obtain your e-Profile ID, visit MyCPEMonitor.net. Pharmacists and pharmacy technicians earning continuing education credit at the Convention and meeting all requirements will be able to view a comprehensive list of the ACPE-accredited activities they have taken on their CPE Monitor account.

MPA reserves the right to revoke continuing education credit for individuals who have not paid the registration rate in full or to participants who claim to have attended programs on days for which they were not registered. Partial credit will not be awarded.

REQUIRED CONTINUING EDUCATION

Continuing education requirements for licensed Michigan pharmacists and pharmacy technicians are indicated below.

Pharmacists are required to earn (inclusive of the 30 hours normally earned in a licensure period):
- 10 hours of live CPE credit
- One hour of pain and symptom management CPE credit

Michigan pharmacists are not required to obtain pharmacy law CPE credit.

Pharmacy technicians are required to earn (inclusive of the 20 hours normally earned in a licensure period):
- Five hours of live CPE credit
- One hour of patient safety CPE credit
- One hour of pharmacy law CPE credit
- One hour of pain and symptom management CPE credit

NEW - Individuals seeking a controlled substance license or who is licensed to prescribe or dispense controlled substances shall complete a one-time training in opioids and controlled substances awareness. This new requirement applies to controlled substance license renewals beginning with the first renewal cycle after the promulgation of this rule and for initial licenses issued after September 1, 2019.

Look for pain, law, patient safety and opioid training symbols next to continuing education programs in this brochure that meet education requirements. Additionally, according to state law, both pharmacists and pharmacy technicians must complete a one-time course on identifying victims of human trafficking. The opioid and identifying victims of human trafficking training courses do not have to be accredited for continuing education credit, but all applicants for renewal must receive a certificate of completion from the courses. Certificates of completion can be requested by the Department of Licensing and Regulatory Affairs when processing a licensee's renewal application.

In order to bill for medication therapy management (MTM) services for Medicaid beneficiaries, pharmacists must have successfully completed MTM program(s) approved by the Accreditation Council of Pharmacy Education.

State regulations mandate that pharmacists and pharmacy technicians cannot earn more than 12 hours of CPE credit in a 24-hour period of time.
PROCESS TO CLAIM CONTINUING EDUCATION CREDIT

Participants will be required to register for and complete program evaluations and applicable posttests through Lecture Panda.

INSTRUCTIONS
To earn pharmacy continuing education credit, complete the following steps.

1. **Register with Lecture Panda** – Prior to the Convention, you should have registered on the Lecture Panda website and set a username and password of your choice and provided your E-profile identification number and date of birth (MMDD format).
   - If you have already registered on the Lecture Panda website, move to step 2 below.
   - If you did not register on the Lecture Panda website, you must do that first. To do so, go to http://www.michiganpharmacists.org/education/convention and click on the Lecture Panda link under the black “Continuing Education Credit and Handouts” navigation bar, or scan the below QR code with your cell phone or tablet to be directed to the Convention event page on the Lecture Panda website. Upon registering on Lecture Panda, you will receive an e-mail confirming registration with a link to complete credit requirements. This link allows you access to all program handouts, evaluations and posttest. To avoid e-mails going to your spam folder, be sure to set up your e-mail account to allow e-mails from Lecture Panda.

2. **Access Handouts** – To access program handouts, refer to the registration confirmation e-mail that you received from Lecture Panda and click on the blue button titled “Complete Credit Requirements.” You will be directed to confirm your name, e-mail address, E-profile identification number and date of birth, then progress to the claim credit screens where you will enter the program claim code provided at the end of each program and complete evaluations and posttest. More information about program claim codes is below. Upon completion of the evaluations and posttest, credit will automatically be submitted to your CPE Monitor record. You must pass each posttest with a score of 70 percent or greater to earn credit.

3. **Claim Credit** – To complete all evaluations and posttests for programs that you attended and claim credit, refer to the registration confirmation e-mail that you received from Lecture Panda and click on the blue button titled “Complete Credit Requirements.” You will be directed to confirm your name, e-mail address, E-profile identification number and date of birth, then progress to the claim credit screens where you will enter the program claim code provided at the end of each program and complete evaluations and posttest. More information about program claim codes is below. Upon completion of the evaluations and posttest, credit will automatically be submitted to your CPE Monitor record. You must pass each posttest with a score of 70 percent or greater to earn credit.

4. **Overall Event Evaluation** – MPA would like to know about your overall experience while attending the Convention. Please be sure to complete the overall event evaluation on Lecture Panda in addition to program evaluations. Your feedback is used to improve the Convention and other MPA events.

**PROGRAM CLAIM CODES**
When completing evaluations and posttest, you will be required to enter a “claim code” unique to each program. Be sure to listen at the end of each program to receive that program’s claim code. Program claim codes will not be provided to participants after participants are released from the program. It is recommended that you keep track of program claim codes by recording them as they are provided during sessions.

Posttest questions are not applicable to application-based programs; however, evaluations must be completed. For knowledge-based programs in which presenters did not submit posttest questions, attendees will not be penalized. MPA, as an ACPE-accredited provider, is required to report pharmacist and pharmacy technician CPE credit to CPE Monitor. ACPE guidelines prohibit MPA from issuing credit 60 days or more after the activity for any reason. Therefore, to avoid denial of credit, it is imperative that pharmacists and pharmacy technicians complete the online evaluations and posttests before March 9, 2020. Evaluations and posttests will not be available for completion and requests to process credit will not be accepted after this date. You will receive periodic e-mails from Lecture Panda reminding you to complete requirements. Due to this new process, participants will not receive an attendance form to record programs attended.

OPENING SESSION: A NEW MINDSET FOR THE NEXT DECADE – NEVER SETTLE
AMBASSADOR BALLROOM, SALONS 2-3, LEVEL 3
Friday, Feb. 21, 1:30-3:30 p.m.
2020 is the start of a brand new decade. Pharmacy continues to
evolve as a profession, but if we want it to advance in the desired direction, we can never settle! This year's keynote speaker Kathy Pawlicki who is the Vice President and Chief Pharmacist at Beaumont Health System and the current president of the American Society of Health-System Pharmacists will share her words of inspiration for the profession of pharmacy from a national perspective. She will be joined by a panel of influential Michigan leaders representing various practice settings who will also share their vision of pharmacy in Michigan and how they will guide the strategic direction of the Michigan Pharmacists Association to meet the needs of its members, profession and patients.

Pharmacist and Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to describe current initiatives at professional organizations supporting the advancement of pharmacist and technician roles nationally and in Michigan, describe characteristics of pharmacy professionals who “never settle” for the sake of advancing the profession and caring for patients, identify opportunities for pharmacy professionals to impact current healthcare issues and work collaboratively with professional organizations and identify opportunities to serve as an advocate for change to positively impact patient care.

Each year the Michigan Pharmacy Foundation (MPF) Board of Trustees selects an organization that is dedicated to helping people in need and holds a Charitable Organization Drive for the group during MPA's Annual Convention & Exposition. This year's organization is the St. Louis Center (SLC).

The St. Louis Center (SLC) is a caring residential community grounded in compassion and the understanding that all people are equal in dignity, regardless of ability. With kindness, patience, personalized services and abundant opportunities, the residents of Saint Louis Center are encouraged to reach their full human potential. The family atmosphere provides security, independence and healthy development for all its residents.

SLC, located on 180 acres in Chelsea, Mich., opened in 1960 and is accredited by the Commission on Accreditation of Rehabilitation Facilities (CARF). SLC has a robust history of continuously improving its services and programs for its residents and families.

MPF is now accepting donations in the Mackinac Ballroom, level 5.

The Center is seeking:
- Clothing (children and adult)
- Books
- Hygiene products for men and women
- Men's electric razors
- Remote controlled cars
- Headphones (not ear buds)
- VCRs (new or used)
- Portable DVD players
- Meijer gift cards

Financial contributions are welcomed as well.
Financial contributions can be made by check payable to MPF and designate to the Saint Louis Center (SLC) in the memo line. MPF will then write one check to SLC.

Drop-off days and times are as follows:
- Thursday, Feb. 20, 6-8 p.m.
- Friday, Feb. 21, 7 a.m.-6 p.m.
- Saturday, Feb. 22, 7 a.m.-3 p.m.
