Student MPA Member: \$50;
Student Nonmember: \$70

Multistate Pharmacy Jurisprudence Examination (MPJE) Law and Regulatory Review Recording

Achieve a strong understanding of the MPJE content and aids prospective pharmacists in preparing for the exam. At completion, participants should be able to review the computer testing requirements for individuals preparing for the MPJE, discuss the new statutes enacted in 2018-2019 that impact the practice of pharmacy and review the statutes and regulations for the state of Michigan related to pharmacy practice.

State associations interested in finding out more about becoming a marketing partner, please email MPA@MichiganPharmacists.org

APhA Test Your Knowledge: Immunization Delivery

This is a home study program designed to provide ongoing assessment and professional development for pharmacists who have completed the APhA certificate training program, Pharmacy-based Immunization Delivery. At the conclusion of this program, participants will be able to:

- Identify educational gaps within their immunization delivery knowledge.
- Use the provided resources to maintain their

professional development in immunization delivery.

- Demonstrate continued competency of current immunization practices since earning their immunization certificate through the APhA Pharmacy-based Immunization delivery training.

\$15

PRO₂NE: Prescription Opioid Overdose and Naloxone Education

An educational tool for healthcare professionals which provides important information about opioid overdoses and naloxone, the opioid overdose reversal agent. The booklet describes how opioid medications work and how naloxone counteracts their effects. It discusses the different formulations and delivery methods of naloxone currently available. It also provides guidance on how to communicate

this information with patients, family and friends so they know how to identify a suspected overdose and how to respond in that situation. Pharmacy professionals can also earn 2.5 hours of home study continuing education credit for an additional fee.
